

H1 headphone amplifier

Xindak H1 is a new Class A headphone amplifier, It can be connected to the PC as an external USB-based high-quality audio DAC.

Specification :

- Max. output: 6V
- Frequency response: 10Hz—100KHz (± 1.5 dB)
- THD: $\leq 0.015\%$
- SNR: 100dB (A weighting)
- Input sensitivity: 0.6V
- Input impedance: 47K Ω
- Output impedance: 32—600 Ω
- Power consumption: 6.5W
- Overall dimension (W×H×D) : 150mm×70mm×235mm
- Net weight : 1.6Kg
